

**House Committee on Armed Services
FY10 Member Request Form**

Requestor Information

Member: Bordallo, Madeleine, gu00
Staff Contact: Matthew Herrmann

Member's Signature

Member of Congress

Project Information

Name of Project: Construct Postal Service Center

Project Description: It is expected that this project will be programmed in the Future Years Defense Program (FYDP) for Air Force Military Construction. The current base postal service center is not in a community area where base populace can easily utilize its services. Moreover, parking and loading areas at the current service center are inadequate to meet its usage demands. A more modern and efficient facility will help to facilitate the increased requirements associated with the ISR/Strike mission and continued forward-deployed bomber and fighter presence at Andersen AFB. A new facility will also help improve the quality of life for all airmen stationed at and deployed to Andersen AFB.

☐ Check this box if this request includes an attachment with additional project description information

Name of Intended Recipient: Andersen Air Force Base, Guam

City: Yigo

State: GU

(continued) Initial:

WLB

Funding Information

FY10 Funding in PB (in thousands of dollars): \$0.0

Your Requested Net Change to the FY10 PB (+/-/0): \$3.4
